

Teba Bank Chief Executive to visit key community stakeholders

RUSTENBURG - Mr Mark Williams, appointed in April this year as Chief Executive of Teba Bank, has embarked upon his first round of visits to Teba Bank branches.

One of the objectives is to acquaint himself first hand with Teba Bank regional stakeholders in each of the communities where Teba Bank plays an active role. This will provide an opportunity to engage with the management of Teba Bank's mining clients, regional NUM representatives and other community leaders.

Teba Bank has a rich history of providing basic financial services to mineworkers and their families for the past 30 years. Teba Bank originally provided this service as Teba Sav-

ings Fund and in 2000 converted to a commercial bank. The bank is still owned by a trust managed by trustees, elected by the NUM and the Chamber of Mines.

Services offered include paymaster functions for the gold and platinum mines, savings accounts including linked accounts for workers' spouses, fixed deposits, micro loans, provident-backed housing loans, ATM cards and funeral insurance.
